Throughout the 1st semester, all Jr. and Sr. Performance Team rehearsals will be focused on learning and preparing *The Nutcracker Suite* beginning September, 2010 –December, 2010.

Throughout the 2nd semester, January, 2011-June, 2011; the focus of the Performance Team rehearsals will shift to learning and preparing Competition Routines including: Group, Duo, Trio, Solos and a wide variety of dance genres to include each Performance Team Member's strengths and interests. The Jr. and Sr. Performance Teams will compete in a few (2-3) local dance competitions within the state of N.C. during the 2nd semester, tentatively scheduled for March-May.

Students have the option of participating in the Jr. and Sr. Performance Team, 1st semester only. It is not required that all participants remain on the team after *The Nutcracker Suite* Performance and participate in dance competitions. However, it is required that students interested in participating in dance competitions during the 2nd semester have to participate in the Performance Team from Sept-May, including *The Nutcracker Suite* Performance. The additional rehearsal time focused on the art of Classical Ballet Technique is crucial for the technical demands of achieving a successful competitive performance level.
